

DALCROZE EDUCATION: Unlocking Audience Engagement, Student Development, & Personal Musicianship through Purposeful Movement

Sunday, April 29th
12:30-3:30pm
San Jose State University
Music & Dance Department
Music Building
Room 182
FREE*

BADE is thrilled to be collaborating with San Jose State University to feature Dalcroze Education, with clinician Emma Shubin, as the final workshop in a three workshop series. This workshop is open to SJSU students as well as all community members!

Emma Shubin, Dalcroze Licentiate

The first half of this workshop will focus on applications of Dalcroze in performance: Emma will use the composition "Syrinx" by Claude Debussy to demonstrate how the listeners' experience of rhythm and form are heightened and clarified through Dalcroze exercises. In the second half of the workshop, we will learn Dalcroze approaches to learning and teaching meter, rhythm, phrasing as well as vocal, instrumental, and movement improvisation.

Flutist [Emma Shubin](#) is a Suzuki, Dalcroze, and Integrative Educator. Ms. Shubin is the co-founder and director of the Colorado based non-profit [Integral Steps](http://www.integralsteps.org) (www.integralsteps.org), which strives to bring integrative education and balanced development to individuals, families, and communities through music, movement, psychotherapy, ecology and creative arts.

She has served as the co-director of the Musical Arts Program with the Sounds of Lyons in Lyons, CO (SOL MAP) and has toured with the Arts Evolution and BenFeng Music Festival throughout Taiwan with guitarist Alfredo Muro. Currently, Ms. Shubin serves as the coordinator for new programming and an instructor with the Dalcroze School of the Rockies, and partners Integral Steps with the theater program for youth Reel Kids, the Longmont Dance Theater, and Rocky Ridge Music Academy in Colorado. Her first collaborative album of original compositions was created and recorded in Cabris France with musicians from France, England, & Colorado will be released in the fall.

**This workshop is made possible with partial funding from San Jose State University & The Dalcroze Society of America. However, please consider making a donation to BADE in lieu of a workshop fee. These funds help offset administrative and logistical expenses as well as help us continue to bring top notch Dalcroze Education clinicians to the Bay Area. www.dalcroze4all.com*
